

## **COME, LET US REASON TOGETHER**

From God's own Book we learn He wills  
That we should tell the truth –  
Should use our eyes to see the best  
In sweet unhampered youth.

He will that we should do each task  
The very best we can.  
And never be afraid to lend  
A helping hand to man.

He wills that we should train our ears  
To hear no evil sound,  
And use our voice to spread content  
The whole long year around.
